Monmouth College

HISTORICAL.

Monmouth College was opened September 3, 1856, in charge of the Rev. James Brown. It was begun as an "Academy or High School to be established in Monmouth under the care of the Monmouth Presbytery." January 1, 1857, it was taken under the care of the Synod of Illinois, and a "full faculty" was elected, with the Rev. David A. Wallace as its president. Dr. Wallace served the college faithfully and efficiently for more than twenty-one years. During his administration the present main building was erected, the campus was laid out, the endowment fund begun, and the College was made one of the permanent institutions of the church and of the city. Dr. Wallace resigned January 1, 1878, and the Vice-President, Professor J. C. Hutchinson, administered the affairs of the College during the remainder of the year.

In June, 1878, the Rev. J. B. McMichael, D. D., was elected president, and entered upon the duties of the office the following September. For nineteen years he devoted his energies to the building up of the institution he loved, and to the work of the College. During his administration a president's residence, a janitor's house, and the commodious Auditorium were built. Dr. McMichael resigned in June, 1897.

The following year the affairs of the College were conducted by an Administrative Committee, consisting of Vice-President Prof. J. H. McMillan, Prof. Russell Graham, Prof. S. S. Maxwell, and Prof. J. N. Swan.

The Rev. S. R. Lyons, D. D., was elected president in February, 1898, and inaugurated in June of the same year.

Under his direction the Law Endowment was secured, a department of History was established, and the English department was enlarged. He resigned in June, 1901, and the administration of the College was placed in the care of Prof. J. H. McMillan as Acting President for the College year 1901-02.

During the year 1902-03 the administration of the College was in the hands of Prof. Russell Graham and Prof. John N. Swan.

The present President entered upon his duties June 1, 1903. The exercises connected with his inauguration were held October 27.

The growth of the institution has been gradual, but constant. From an "Academy or High School" it has grown to a College in the best modern sense of the word. It has grown in its equipment of workers, it has grown in its material equipment for work. Monmouth College is prepared to give the young man or woman who enters her portals the training of the body, the intellect and the soul, which shall prepare for the best service in life.

A college is known by its fruits—its alumni. Monmouth College is justified of her children. Twelve hundred and five have graduated from her halls. They are to be found in all parts of the world, and are occupying positions of usefulness and honor.

Of the 700 young men, more than 300 have entered the ministry. The roll shows that 160 or more are teachers. Among these are found college presidents, professors in universities, theological seminaries, colleges, academies and high schools, and city, county and state superintendents. Two of her sons, John F. Wallace, Ex. '71, and T. P. Shonts,

'76, have been placed in charge of the greatest work of modern times—the building of the Panama canal.

This does not tell the whole story. Thousands more who have not graduated have received from Monmouth College a good education, and are most efficient men and women in the communities in which they live.

CONTROL.

Monmouth College is under the control of certain bodies connected with the United Presbyterian Church of North America.

The College was chartered on February 16, 1857, under the control of the Synod of Illinois of the Associate Reformed Presbyterian Church of North America. On February 18, 1859, the charter was amended by substituting the word "United" for the words "Associate Reformed" in the original charter. On March 12, 1869, the charter was again amended so that the Synod of Illinois was given power to associate other bodies with itself in the maintenance and control of the College. The Synods of Iowa and Kansas were thus associated at this time.

Various changes have been made in the board of control from time to time.

The College is at present under the control of the Synods of Illinois and Nebraska, the Second Synod (Ohio and Indiana); the Presbyteries of Keokuk, Cedar Rapids and LeClaire (Iowa); and the Alumni Association of the College.

LOCATION.

Monmouth, Illinois, is a typical college town. It is a clean, thrifty city of about 9,000 inhabitants, situated on the main line of the Great "Burlington" system, 180 miles west of Chicago, and 26 miles from the Mississippi by this

road. The St. Louis division of the Burlington also passes through Monmouth. This city is the division headquarters of the Iowa Central railroad.

The "Maple City," as Monmouth is styled, has all the modern improvements and conveniences of larger cities, such as paved streets, electric lights, waterworks, etc. It is a city of churches, and the moral influences surrounding the students render them as free from temptation to evil habits as they could well be anywhere outside the influence of a Christian home.

BUILDINGS.

The College buildings are situated in a beautiful campus covered with various kinds of forest trees. Most of the buildings are heated with steam, and all are lighted with gas or electricity. The buildings on the campus at the present time are—the main building, the auditorium, the President's mansion and the gymnasium. The auditorium contains the main audience room, seating 800 persons, an assembly hall, seating 300, the musical conservatory, Christian Association rooms, bath rooms and lockers.

The main building contains the recitation rooms, laboratories, society halls, library and reading room, etc. The gymnasium is well equipped for regular physical training.

LABORATORIES.

In those things so essential to the work of the modern college—the library and the laboratory—Monmouth College is well equipped.

The Biological Laboratory is most complete in its equipment.

The Chemical and Physical Laboratories include a lecture room, a stock room and private laboratory, and a dark room for photographic work.

LIBRARIES.

WARREN COUNTY LIBRARY.

Few institutions afford library privileges superior to those of Monmouth College. Through the liberality of Mr. W. P. Pressly, Esq., the Warren County Library was established in 1870. At the present time it contains over 20,000 volumes and has an endowment of about \$20,000. This is as carefully selected a library as can be found anywhere in the west. Prof. Rogers, who was for many years Professor of Mathematics in the College, and who has been the Secretary of the Library Association since its foundation, devotes much time to the careful selection of books to be purchased and renders valuable assistance to the students in finding works helpful in any investigation they may be pursuing. Connected with the library is a large and pleasant free reading room, supplied with all the leading papers, magazines and reviews, both English and American.

COLLEGE LIBRARY.

The College has been acquiring for several years a library pertaining to the subjects taught in the various departments. Through the kindness of an anonymous giver in Allegheny, Pa., we were able a few years ago to open a library and reading room in the main building. By this improvement all the College books, department and general, have been shelved together, grouped and catalogued.

The A. B. L. and Aletheorian Literary Societies have generously donated their libraries to the general college library. The Sharon Jones collection of books presented to the college, also has a place in this library. These books are indexed by the Dewey system, a complete card catalogue being available. The volumes are accessible to all students either for home or reading room use. These libraries place at the disposal of our students about 28,000 volumes. The

advantages of such library facilities as are open to the students of Monmouth College during their course are almost inestimable.

PHYSICAL CULTURE.

This department of the College is in charge of a Physical Director. The control of athletics in general is under the management of an Athletic Board composed of two trustees, two students, and one member of the faculty. The College owns an ideal athletic park, located a short distance from the campus, on which all outdoor games are played and training given. The gymnasium, near the auditorium building, in which are all the lockers and baths, is now fairly equipped with suitable apparatus. Additions will be made as funds become available. Tennis courts on the campus are provided for lovers of this game.

We seek not to make athletics so prominent as to interfere with mental work, but to direct this necessary adjunct of College life that it give recreation and vigor of body and mind to the student.

Prizes and Gifts.

PRIZES.

Through the liberality of friends of the College several prizes are awarded each year to students. Additions to the list have been made this year and we hope still further to increase it:

1. **LIBRARY PRIZES.**—The Dr. David A. Wallace Prize of two tickets to the Warren County Library.

The Dr. D. M. Ure Prize of annual ticket to the Warren County Library.

The Class of 1885 Prize of one ticket to the Warren County Library.

These prizes are awarded for excellence in class room work. The rank is determined from the credits as they stand at the close of the winter term each year.

One ticket is awarded to the student in Groups I-III and one to the student in Groups V-VIII who has the highest grade among those who have between 150 and 250 weeks of credit; one to the student in Groups I-III, and one to the student in Groups V-VIII who has the highest grade among those having between 250 and 350 weeks of credit.

The following students received these tickets during the past year: Luther Burt Blair, of Loveland, Col.; Rob't M. Kerr, of Pasadena, Cal.; Nannie Hardin Rice, Monmouth; Glenn B. Porter, Alexis.

2. **TRACY PRIZES.**—Mr. J. P. Tracy, of Chicago, a former student and a friend of the College, has generously founded "An Annual Competitive Rendition of the Holy Scriptures," and offered twenty-five dollars in prizes to the

competitors ranking first, second, third and fourth, in rendering portions of Scriptures of not more than one thousand words each. The prize money is divided into four parts, \$10.00, \$7.50, \$5.00 and \$2.50.

It is the desire of the giver of these prizes to encourage the students in learning to read the Bible in such a manner as to make its meaning clear to the casual hearer. This contest is open to students of College standing, who are members of the Christian Associations.

The sixth contest was held March 7, 1905. The successful contestants in the order of the prizes were: Anna Pinkerton, Monmouth; Alpha White, Monmouth; Paul Calhoun, Mt. Ayr, Ia.; James Rhodes, Newton, Ia.

3. LITERARY SOCIETY PRIZES.—The Eccritean Society has three annual contests among its own members, viz: Declamation, Essay and the McKelvey Oration contest. Prizes of \$10.00 and \$5.00 are awarded in each.

The Philadelphian Society has two annual contests among its members, viz: Declamation, prizes \$5.00 and \$3.00, and Oration, called the Elliott-Cleland contest, prizes \$10.00 and \$5.00.

The Aletheorian and Amateur des Belles Lettres societies have similar prizes.

4. PRIZES FOR HISTORICAL AND BIOGRAPHICAL READING.—In order to cultivate a taste for the best literature and to stimulate the reading habit, an alumnus during the past year offered two prizes, one of \$100 for a reading course in history, and the other of \$25.00 for a course in biographical reading.

5. DEBATE PRIZES.—Mr. Samuel H. McKee, of the Class of 1872, President of the Guarantee Title Trust Co., of Pittsburg, Pa., and James M. Nevin, of the Class of 1879, attorney at law, Pittsburg, Pa., offer respectively prizes of twenty-five and fifteen dollars for an Inter-society Con-

test Debate. It has been arranged that thirty dollars be given to the winning team, and ten dollars to the best individual debater. Paul McClanahan, Neal McClanahan, and Herbert Clark, of the Eccritean society, composed the winning team in 1905—Paul McClanahan receiving the individual prize.

GIFTS TO THE COLLEGE.

Many friends have remembered the college very kindly during the past year. A wide range of objects for which gifts have been bestowed will be found in the following list, but the intent of each one was to make a stronger, better equipped, more effective college and to have it influence for good just as many lives as possible.

The culture given by a good college fits for the best service under all conditions, opens innumerable doors of opportunity which would otherwise be closed and develops largely multiplied powers for good in every department of life. Many young people are unable to obtain such an education without some assistance. Thus it is that intelligent people find in a live, earnest Christian college an object to which they can contribute with assurance of the very best results.

The following are among the gifts for the year:

ENDOWMENT GIFTS.

These are placed in the General Endowment and under no circumstances, are used for any other purpose whatever.

GIFTS TO THE INCOME FUND.

The following friends, during the year, have given to the running expenses of the College:

Miss Nancy Clarke, Dr. W. M. Millen, J. N. McKelvey, Mrs. Amanda White, John Gibson, Rev. J. E. Bradford, President W. L. Bryan, W. S. McCullough, Dr. E. C. Linn, McCullough Lumber Co., Dr. E. L. Mitchell, E. B. Colwell, Rev. W. J. Buchanan, H. B. Smith, Wright & Graham, Woods & Hallam, G. S. Tubbs, Hon. J. Ross Hanna, W. D. Brereton, Hugh Moffett, Justice J. H. Hanna, Ivory Quinby, W. W. McCullough, C. F. Buck, Dr. A. G. Patton, Geo. Patton, N. T. Patton, R. F. Wilson, David Turnbull, McKenzie Cleland, Monmouth High School Association, John D. Lynch, J. H. Pattee, John S. Brown, Scott Bros., John C. Allen, Ireys & Ireys, Sol. Schloss.

A large number of citizens, whose names are too numerous to mention, have contributed in addition for the improvement of the Athletic Park.

The following friends contributed during the year to the purchase of a Concert Grand Piano for the College:

MONMOUTH COLLEGE.

W. D. Brereton, T. Merrill Austin, Mrs. T. H. McMichael, John S. Brown, Mrs. C. D. Hardin, Mrs. John Brewer, Rob't Hodson, Mrs. D. H. Evey, Miss Sarah Gibson, W. P. Graham, J. Ross Hanna, E. A. Lord, John D. Lynch, Mrs. E. C. Linn, Henry Pattee.

Class of '01 Scholarship. The members of the Class of 1901 are endowing a scholarship, and generous payments have been made towards this during the year.

AID FOR STUDENTS' FUND.

Unity Congregation, O., \$4.00. Ninth Ave., Monmouth, \$2.94. Sugar Creek, O., \$20.50. Cedar Creek, Ills., \$3.60. Biggsville, Ills., \$6.75. G. S. Johnson, Davenport, Ia., \$40.00. "A Friend," \$150.00.

BUILDING FUND.

Numerous gifts have been made to this fund for the new buildings now projected which will be reported in full at a future time.

GIFTS AND PRIZES DESIRED.

There are many other objects for which gifts might be bestowed. Every such gift makes the college stronger for her great work. The following are some of the special needs of the College at the present time:

IN THE WAY OF BUILDINGS.—Science Hall, Central Heating Plant, Library, Musical Conservatory, Dormitories.

IN THE WAY OF EQUIPMENT.—Books for the Library, Special Apparatus for the Scientific Departments, Pianos for Practice, Orchestral Instruments, Equipment for the Gymnasium.

IN THE WAY OF PRIZES.—Departmental Prizes for excellence in work, Endowment of Permanent Prizes in Oratory, Debate, Declamation, etc., Special Prizes for Essays on Missions and other themes.

ENDOWMENT SCHOLARSHIPS.

Generous friends have come forward at different times and have endowed free tuition scholarships for the use of

young people seeking an education. Among these perpetual scholarships are :

1. THE SOMONAUK SCHOLARSHIP endowed by the United Presbyterian Congregation of Somonauk, Ill.

2. THE JANET T. HUME SCHOLARSHIP endowed by Mrs. Janet T. Hume, of Aledo, Ill.

3. THE MARTHA WALLACE SCHOLARSHIP endowed by Mrs. Martha Wallace, of Davenport, Iowa.

4. THE JOSEPH MATHERS SCHOLARSHIP endowed by Joseph Mathers, of Biggsville, Ill.

5. THE BELLA M. ELLIOTT SCHOLARSHIP endowed by Mrs. E. A. Brownlee, of Washington, Pa.

6. THE ADAM OLIVER SCHOLARSHIP endowed by Wm. Oliver, of Kewanee, Ill.

7. THE J. W. STEWART SCHOLARSHIP endowed by J. W. Stewart, of Smithville, Ill.

8. THE SARAH HOLMES BIGGER SCHOLARSHIP endowed by J. Bradford Bigger, of Dayton, O.

These scholarships have given free tuition during the past year to earnest and devoted young people.

ENDOWMENT PROFESSORSHIPS.

A large part of the endowment funds of the College has been given by those who desired to make perpetual certain chairs and departments of the College. These endowed Professorships are :

1. THE HARDING PROFESSORSHIP of English Language and Literature, endowed by General A. C. Harding, of Monmouth, in 1865.

2. THE PRESSLY PROFESSORSHIP of Natural Science, endowed by W. P. Pressly, of Monmouth, in 1866.

3. THE ALUMNI PROFESSORSHIP of Philosophy, endowed by the Alumni of the College, in 1881.

4. THE MATHERS PROFESSORSHIP of Social Science, endowed by Joseph Mathers, of Biggsville, Ill., in 1895.

5. THE LAW FOUNDATION of English Literature, endowed by James and Ellen C. Law, of New York, in 1899.

6. THE LAW PROFESSORSHIP of History, endowed by James and Ellen C. Law, of New York, in 1899.

College and Student Organizations.

CHRISTIAN ORGANIZATIONS.

One of the most potent factors for good in the College is the Y. W. C. A. and Y. M. C. A. organizations. These each hold a weekly meeting for prayer and praise. They also support the Monday evening College prayer meeting and on the first Sabbath evening of each month hold a general Christian union meeting.

The life of the College centers in its religious work. Delegates are sent to all state conventions of Christian workers, that our students may have the latest and best thought and methods of Christian work. Frequent visits from state and national workers keep us in touch with the religious world. The Faculty regard it an important part of their work to labor for the moral and spiritual welfare of the students.

An important work of the Christian Associations is to make it pleasant for new students on coming to College. Committees meet all trains on the opening days of College, help students secure boarding and lodging, introduce them to other students, assist them in making their entrance to college classes, and in many other ways brighten the path of the new student who is among strangers.

A public reception for new students is given by the Associations on the first Thursday evening of the College year.

The President of the Y. W. C. A. during the past year was Miss Janette Tinker, Monmouth; of the Y. M. C. A., Mr. Milford Barnes, Bluffton, Ind.

LITERARY SOCIETIES.

There are four literary societies connected with the College; the Eccritean and Philadelphian for gentlemen, and the Aletheorian and Amateur des Belles Lettres for ladies. Each society has a well furnished hall. These societies are ably conducted and are attended by almost every student. The work done in the societies is rightly regarded a very important part of the College training. Membership in any of these societies is gained by the election of the society. The initiation fee for the gentlemen's societies is \$5.00, and for the ladies', \$3.00. The ladies' societies meet at 4 p. m. on Friday of each week, and the gentlemen's societies on Friday evening.

PHILO-ECCRITEAN CONTEST.

The Philo-Eccritean contest occurs on Commencement evening and the interest centering in it makes it the literary event of the year.

The contest embraces ten points: Declamation, 1; Essay, 2; Oration, 3; Debate, 4.

LECTURE ASSOCIATION.

The two gentlemen's societies unite in maintainng each year a course of popular lectures and concerts. The best talent the country affords is used in these entertainments, and the popular price of season tickets fills the auditorium for each of these performances. These courses furnish the students an opportunity of hearing representative American and English platform orators at a trifling outlay.

The committee having the lecture course in charge this year were the following: R. Frank Galloway, chairman; W. M. Porter, Clyde Matson, Milford Barnes, Neal D. McClanahan, James Rhodes.

ORATORICAL ASSOCIATION.

This organization has for its primary object the planning for the preliminary and inter-collegiate contests in oratory. Other like matters are often referred to it. The president of the Association for the past year was Graham Bryson. Monmouth College is a member of the Inter-Collegiate Oratorical Association. She stands high in the honors gained in both the state and inter-state contests. Rob't M. Kerr won the preliminary contest this year and will represent the College in the Inter-Collegiate contest next October.

COLDEGE PAPER

The Oracle, a monthly paper, issued by the Senior Class, furnishes a fine opportunity to cultivate a literary taste and spirit, gain practice in news gathering, editing, proof reading, advertising and other features of newspaper work. The College paper can be mutually helpful to the student and the Institution.

The following constitute the Editorial Board for the class of 1905: W. Graham Bryson, W. M. Porter, Chas. P. Blair, Jessie Graham, Neal McClanahan, Janette Tinker, Fletcher Gardiner, Glenn Porter, May Henderson, Mills J. Taylor.

The subscription price of The Oracle is \$1.00 per year.

INTER-COLLEGIATE DEBATE.

A series of three debates has been arranged with Coe College of Cedar Rapids, Ia. The first of these was held April 14, 1905. Monmouth was represented by Paul McClanahan, Neal McClanahan and Wallace Black.

Admission.

1. Ladies and gentlemen are admitted to the College with equal privileges.

2. The classification of all students applying for admission to Monmouth College will be by examination, not by certificate, except as provided for in the following:

(a) Students may be admitted to the College on the certificate of honorable dismissal from colleges of like standing with this. A certified statement of the work done in such college must be presented before credits will be given.

(b) Candidates on furnishing proper certificates of work done will be admitted from any of the following schools to college standing without examination, in so far as these completed studies correspond with the studies of the Preparatory Department:

The Albany Collegiate Institute, Albany, Oregon.

Collegiate Institute, Geneseo, Illinois.

Waitsburg Academy, Waitsburg, Washington.

Pawnee Academy, Pawnee City, Nebraska.

Washington Academy, Washington, Iowa.

Wever Academy, Media, Illinois.

(c) All High Schools on the accredited list of the State Universities of their respective states will be accorded the same privileges at Monmouth College, provided the student is able to do the work required in the College. If not, so much of the preparatory work shall still be required as, in the judgment of the Faculty, shall be necessary to enable him successfully to prosecute his course. Blanks will be

furnished by the President of this College to graduates of such High Schools and Academies on which a certified record of work done must be furnished before credits will be given.

3. Students coming from well established Academies and High Schools, whose course corresponds with that of this school, are requested to bring official certificates, *not diplomas*, from such schools. These certificates shall state what subjects have been studied, with the time devoted to each, the author of the text book used, and the grade obtained. Blank forms of such certificates will be furnished on application to the President of this College. These certificates will be used by each professor holding entrance examinations, in determining the extent of examinations needed in his department. Applicants desiring to avail themselves of the benefit of these certificates must have them with them when they present themselves for admission.

4. Credit will not be given for work done in preparatory schools on college subjects, except by examination. Work done in schools below the high school will not be considered equivalent to the work of the Preparatory Department.

5. Pupils on first entering College are assigned work. The assignment is based on the fitness of the pupil as shown by the entrance credits. It is understood that all entrance credits are conditioned on the student's ability to do the succeeding work of the course.

6. A student may be admitted to College standing if he has not more than fifty weeks of unfinished preparatory work. The record in the catalogue shows the number of weeks of credit held by the student at the close of the winter term.

7. When a student has been admitted to college stand-

ing, in entering his credits in the catalogue, the weeks of unfinished preparatory subjects, except those for which he has registered in the spring term, will be deducted from the total number of his college credits.

8. A student will not be permitted to take college work in any department, if he has preparatory work back in that department, until he shall have made satisfactory arrangements with the professor for the back work.

9. No student of known immoral character and none whose influence is likely to be injurious to good order will be admitted. Applicants for admission, unknown to any member of the Faculty, shall bring certificates of good moral character.

REQUIREMENTS FOR ADMISSION.

General Regulations.

REGULATIONS OF THE SENATE.

1. The Statutes of the College, Chapter ii., Section 3, provide that "No student shall be permitted to enter at a later period of the course than the commencement of the first session of the Senior year." The spirit of this law, in the judgment of the Faculty, requires at least one full year's attendance of a student on the exercises of the College in order to graduate. *Under no circumstances* will this rule, as thus interpreted, be relaxed while the above statute remains unrepealed.

II. The Senate has adopted the following as an additional chapter to the College Statutes:

Section 1. All persons matriculating shall be regarded as students, and on payment of the required fees shall be entitled to all the privileges of the College.

Section 2. Connection with the College is terminated by graduation or dismissal, honorable or otherwise.

Section 3. The privileges of the student shall be suspended in all cases of failure to pay the required fee and attend on instruction.

III. College Statutes, Chapter ii., Section 5: Every person, before he is admitted to the privileges of the College, shall obtain from the Treasurer a receipt by which it shall appear that he has complied with the ordinance of the Senate regarding fees and expenses, and if any officer admit to his recitation a student who has not paid his College bills, such officer shall be held responsible for such bills.

If any student shall be admitted after the beginning of a session and before the middle of it, he shall pay the fee accruing on the whole session. If admitted at or after the middle of the session, he shall pay half thereof, unless he expects credit for the full term's work, in such case the full fee is charged.

In case of sickness or other unavoidable reason, which causes a student to withdraw for more than one-half a term, a refund order covering one-half the tuition paid for that term will be given in tuition, not transferable, provided application is made within the term of absence. The above refund applies to tuition only. In no case will incidentals and other fees be refunded.

The statutes expressly forbid the students to use intoxicating drinks as a beverage, to frequent drinking, gambling or billiard saloons, or improper places of resort of any kind. The Faculty judges places of amusement commonly called "balls" or "dances," to be improper places of resort for students.

At the meeting of the Senate in June, 1874, the following was added to the statutes of the College, as Section 4 of Chapter xii.:

"It shall be unlawful for any student of the College hereafter to become a member of any secret college fraternity or to connect with any chapter of any such fraternity, and also for any active member of any such fraternity to be admitted as a student of this College.

GENERAL REQUIREMENTS.

1. Each student on entering the College department decides upon the group he will pursue.
2. The professor at the head of the department in

which the student's major subject is found, will act as his adviser. The student must consult with him, and in planning his course must first provide for his major subject.

3. A student who carries fewer than ten hours of work per week will not be regarded in full standing.

4. No student will be permitted to take more than fifteen hours of work per week, without the consent of the Faculty. Permission to carry additional work must be granted by the Committee on Extra Studies before the student can be enrolled for the work. The application for this work must be made when the registration is made out. One term of elocution may be taken by a student of college rank as a fourth subject, without an extra fee, but permission must be obtained from the Committee on Extra Studies.

5. A student may not change his major subject except at the beginning of a year, and then only after having the consent first of the professors in charge of both departments, followed by the approval of the Faculty.

6. No student will be graduated who has not obtained four hundred and thirty (430) credits, and who has not finished all the work required in some one group.

7. All the students, except those excused by vote of the Faculty for a term, are required to attend the worship of God in the chapel daily. All who do not reside with their parents are required to attend public worship in some church on the Sabbath. All students are expected to attend the weekly college prayer meeting.

8. Students are requested to notify the President before changing their places of boarding or rooming.

ABSENCES.

Absence from class exercises, for any cause, necessarily involves intellectual loss that can be made up only by

special work, if at all. Absences are counted from the opening day of the term until the pupil enrolls. A day's absence at the opening may cripple the work of an entire term. Satisfactory excuses must be given for these absences, as well as those occurring within the term, or they count as unexcused absences.

When the number of absences in any subject reaches five within a term a special examination will be required in that subject.

When the number of *unexcused* absences reaches five in any one department, or ten in all departments, within the school year, five weeks will be deducted from the student's credit.

GOVERNMENT.

It is the aim of the Faculty to secure good order and diligence in study by force of moral and religious principles, rather than by direct exercise of authority. Those who persist in neglecting their studies, or in pursuing disorderly courses, or in exerting an evil influence, will not be permitted to remain in College.

GYMNASIUM REQUIREMENTS.

Gymnasium work is required of all students having less than 200 credits. Classes meet twice a week from Oct. 1st to March 15th.

Five unexcused absences entail the loss of one-half the term's work; ten entail the loss of the whole term.

ATHLETIC REGULATIONS.

1. The Athletic Park and Gymnasium are the property of the College, and are under the supervision of the Board of Athletic Control.
2. The Park and Gymnasium were secured for the benefit of the College, and only members of the same are entitled to use them.

3. There shall be no match game played on the Park or on any ground whatsoever during recitation hours, without consent of the Faculty.

4. There shall be no subletting of the Park or Gymnasium to any outside associations, clubs, or individuals, for the purpose of playing games, sharing game receipts, or for any other purpose whatsoever, except as authorized by the Board of Athletic Control, and on the permission of the President of the College.

5. All athletic exercises shall be under the supervision of the Board of Athletic Control.

6. No student shall act as manager of an athletic team without the permission of the Board of Athletic Control.

The manager shall be subject to the same requirements in scholarship as a member of the team.

COLLEGE CONFERENCE RULES ON ATHLETICS.

At a conference of the Colleges of the State held in Bloomington on March 27, 1903, the following rules were recommended to the institutions of the state for adoption. The rules were adopted by the Monmouth College Board of Athletic Control on April 23, 1903.

1. No one shall participate in any intercollegiate sport unless he be a bona fide student carrying at least 10 hours of work per week, and no person who has participated as a student in any intercollegiate game as a member of any other college team and who has not afterward obtained a college academic degree, shall be permitted to participate in any game as a member of any other college team until he has been a matriculate in such college under the above conditions for a period of one year and until after the close of the succeeding season devoted to the sport in which he last participated.

2. No person shall be admitted to any intercollegiate contest who receives any gift, remuneration or pay for his services on the college team.

3. No student shall participate in sports upon the teams of any college or colleges for more than four years in the aggregate, and any member of a college who plays during any part of an intercollegiate game, does thereby participate in that sport for the year.

4. No student shall participate in any intercollegiate contest who

has ever used or is using his knowledge of athletics or his athletic skill for gain. No person who receives any compensation from the college for services rendered by way of regular instruction shall be allowed to play on any team.

5. No student shall play in any game under an assumed name.

6. No student shall be permitted to participate in any intercollegiate contest who is found by the faculty to be delinquent in his studies.

7. All intercollegiate games shall be played on grounds either owned by or under immediate control of one or both of the colleges participating in the contest, and all intercollegiate games shall be played under student or college management, and not under the control of any corporation or association or private individual.

8. The election of managers and captains of teams in each college shall be subject to the approval of its committee on athletics or board of control.

9. College football teams shall play only with teams representing educational institutions.

10. At least ten days before every intercollegiate contest the respective chairmen of the athletic committees or boards of control of the institutions concerned shall submit to each other a certified list of the players eligible under the rules adopted, to participate in said contest. It shall be the duty of the captains of the respective teams to exclude all players from the contest except those so certified.

11. Athletic committees or boards of control shall require each candidate for a team to represent the college in intercollegiate contests, to subscribe to a statement that he is eligible under the letter and spirit of the rules adopted.

12. No person having been a member of any college athletic team during any year, and having been in attendance less than half of that college year, shall be permitted to play in any intercollegiate contest thereafter until he shall have been in attendance six consecutive calendar months.

Details of Work.

COLLEGE YEAR.

The College year is composed of the divisions known as Fall, Winter and Spring terms and two vacations—one at the Christmas holidays of about two weeks in length, the other of one week in March between the Winter and Spring terms.

ENROLLMENT AND ENTRANCE REGISTRATION.

All students on entering college for the year enroll. A new student will then receive a card directing him how to secure his entrance credits. When these are secured, he receives at the office a registration card, on which, under the direction of his advisor, work based on his entrance credits, will be assigned. On filing this card with the Registrar, and returning to him the term card receipted by the Business Manager, the card of Admission to Class will be issued. This card will not be issued until all term bills have been paid. Only by presenting this card is a name allowed to be placed on a class roll.

A student who has previously attended Monmouth College, after enrolling, will receive a Registration Card, which he will make out under the direction of his adviser. When this has been left with the Registrar, and the receipted term bill has been returned to him the Card of Admission to class will be issued. For each card of admission to class issued after the opening Wednesday of a term an extra fee of one dollar will be required.

REGISTRATION FOR WINTER AND SPRING TERMS.

Registration for the Winter and Spring Terms is made upon the opening day of the term between the hours of 9.00 A. M. and 5:00 P. M. The Registration Cards must be on file with the Registrar by the close of the registration hours. A fee of \$1.00 is required of those who neglect registration at the appointed time.

RECITATIONS.

There are five recitations each week in all subjects in the Literary department. It is important that students be present at the first recitation in a subject. Regular attendance is essential to good work.

EXAMINATIONS.

Each term's work is regarded as complete in itself, and credit is given for the same, but the final examination in a subject covering more than a single term may embrace the entire subject.

Students absenting themselves from the regular examinations of their classes will be charged \$1.00 for private examinations in each subject. These examinations must be taken before the student is entitled to resume work. A receipt showing that the examination fee has been paid, must be presented before examination is given.

SPECIAL EXAMINATIONS.

Examinations are held for students making up back work on the last Saturday of each term.

A student who has taken D and wishes to make up the subject must make application for such work through the Committee on Extra Studies at the opening of the term during which the work is to be done.

A student who for any reason wishes to make up a

subject without recitation in class must make application for such work through the committee on extra studies. The work must be taken under the direction of the head of the department and a fee equal to the tuition (not including incidentals) will be charged for it.

GRADING AND HONORS.

Honors are in no sense competitive; the student is ranked upon his own merit, not upon his comparative standing.

All students pursuing a subject are ranked according to their work, as A, B, C, D, or E.

A indicates all work passed with honor.

B indicates work passed fairly.

C indicates simply passed.

D indicates work on which examination may be taken after review, but the credit must be secured before the work is offered again in class.

E indicates work must be taken again in class.

Each professor determines the rank of his own pupils in his own way.

The honors at graduation are either First Honor *cum laude*, or First Honor. To be eligible to the former the student must have taken his entire course thirty-seven (37) credits in Monmouth College and must have ranked nearer A than B. If his rank is not nearer A than B but above B, he is entitled to First Honor.

A student who has not been in Monmouth College for his entire course, but who has at least nineteen (19) credits on work done in this school and whose rank is nearer A than B is entitled to First Honor.

REPORTS.

Reports are sent to parents or guardians at the close of

each term. The President should be notified of every case where the report fails to come within ten days after the close of each term.

RECORDS.

A permanent record of all credits obtained by each student is kept by the Registrar. The credits are kept on the basis of a full term, no entry being made for less than ten weeks. No credits are placed on the records except such as are officially reported by the professor under whom the work is done.

DEGREES.

Degree on Graduation.—Each of the seven Groups leads to the degree of B. A.

The course may be completed at the close of any term, but the formal graduation will occur at the Commencement in June, when all degrees are conferred.

Candidates for degrees shall at the opening of the college year in which they seek their degree, make formal application for the degree. Under the direction of their adviser they shall choose a subject on which to prepare a thesis. The thesis is to be on file with the adviser by the close of the Spring Vacation.

Advanced Degree.—The Master's Degree is open to Bachelors of this institution or of any other college of equal rank upon the following conditions:

1. Candidates may receive a Master's degree *pro merito*, three years after graduation, upon passing a satisfactory examination in one major and one minor subject. These studies are to be chosen under the advice of the head of the department in which the major part of the work is done, by whom also the examinations are conducted. A thesis must also be presented by the close of the Winter

Term on a theme connected with the study, embodying results of careful investigation.

2. Candidates may receive a Master's degree upon presenting satisfactory evidence of having pursued a professional course, such as a certificate of graduation from a Theological Seminary, Law School or Medical College, and by submitting a thesis on a subject connected with such a course of study, embodying results of careful investigation and advanced work. This degree may also be conferred upon those furnishing a certificate of two years' satisfactory graduate work done in an accredited University, together with a thesis as above.

Those desiring a Master's degree must make application to the President at least one year before the degree is given. A fee of \$6.00 must accompany the application for a Master's degree.

Expenses.

The fees of the College are included under Tuition, Incidental and Laboratory Fees. The Incidental fee includes the term Incidental, Matriculation (paid but once in the course), Library and Physical Culture fee; and is required of all students. Service rendered the College and scholarships apply on tuition only.

FEES.

Tuition—Fall Term, per subject.....	\$ 4 00
Winter and Spring Terms, each subject.....	3 00
Incidentals—Fall Term, per subject.....	2 00
Winter and Spring Terms, each per subject.....	1 50
Matriculation (due on first taking a college subject).....	5 00
Library and Physical Culture, per term.....	1 00
Laboratory Fees, per term—	
Physics	1 00
Biology	2 00
Chemistry	3 00
Histology and Embryology.....	3 00
Private Elocution—	
Fall Term (15 lessons).....	10 00
Winter and Spring Terms (10 lessons).....	7 50
Single lessons	1 00

For students not registered in college a registration fee of \$2.00 will be charged.

DEPOSITS.

A deposit is required of those students taking laboratory subjects. This deposit, after deducting the value of apparatus broken, is returned at the end of the term. These deposits are:

In Chemistry	\$ 2 00
In other subjects.....	1 00

BOARDING AND ROOMS.

Boarding in private families, including lodging and fuel, has during the past year, ranged from \$3.00 to \$4.00 per week. Many students board in clubs at a cost of about \$2.50 per week.

Rooms, including light, furnace or steam heat, with all modern conveniences, range in price from 75c to \$1.25 per week. Rooms heated by stoves rent at 50 cents per week.

A low estimate for annual expenses would be \$150.00.

A high estimate would be \$250.00.

A conservative estimate of expenses by the term would be, for the first term of fifteen weeks, about \$75.00; for the second and third terms of ten weeks each, about \$50.00 per term.

A liberal estimate would be for the first term, about \$105.00; for the second and third terms, about \$70.00 each.

The cost of clothing, traveling, and the private incidental expenses of a student are not included. They will depend largely upon the habits of the student. Clothing need cost but little, if anything more in college than out.

The College authorities disapprove of all unnecessary expenditure by the students for any purpose whatever, and will use all their influence to discourage it.

BUREAU OF SELF-HELP.

Under the charge of the Business Manager a Bureau has been in operation for several years, the work of which is to assist in obtaining employment for students of the College who are in a measure dependent upon their own resources.

During the past year about sixty students have thus been enabled to make a part of their expenses.

Courses of Instruction.

COLLEGE COURSES.

Seven Groups or Courses of Study are offered, each leading to the degree of Bachelor of Arts. In each group 305 weeks of work are specified and required. In order to graduate in any group the student must add to these 305 weeks 125 weeks of elective work.

In each group some one study is made the major subject, and the professor in charge of that department is the adviser of all students who select his group. Group I., for example, requires Greek as the major subject, and the professor of Greek acts as adviser for all students who select that group. The students are expected to consult with the adviser as to the order in which their work is to be taken, and also as to the selection of the elective subjects.

One study carried successfully through the fall term will give a credit of fifteen (15) weeks. The winter and spring terms, in like manner, give ten (10) weeks each, so that the student who carries three subjects for one year will receive a credit of one hundred and five (105) weeks. This amount is regarded as full work.

Thirty-five (35) weeks of music can be used as an elective under certain conditions, for which see the Music Courses.

The system is designed to give the student greater freedom in the choice of subjects, permitting by its flexibility more regard for the needs of individuals, and, at the same time, securing fundamental uniformity. For admis-

sion to each group an equal amount of preparatory work is necessary. Each group requires the student to follow some special line of study during at least seventy (70) weeks.

Following is the required work in each group. The Roman numerals correspond to those used in the detailed statement of the outlines of the work of the departments found on the immediately succeeding pages. The figures in brackets indicate the number of weeks the subject is carried.

GROUP I., GREEK.

Outline of Work of Departments.

DEPARTMENT OF PHILOSOPHY AND REVELATION.

BIBLICAL INSTRUCTION.

The aim of this department is to give a comprehensive and intelligent view of the English Bible. The study is by periods and by books. The historical setting—The literary excellence—The critical views of various schools—all receive attention. Written work is required of the students. Two courses are offered—one of 15 weeks being required—the other of 10 weeks being elective.

T. H. McMICHAEL, Professor.

PSYCHOLOGY.

An outline course in the Science of Psychology, designed to explain the elementary problems of mental phenomena, and to develop the habit and power of psychological analysis. It is expected that the course will be of special value to those who desire an introduction to the subject of philosophy, and to those who wish to supplement their study of physiology by an examination of the psychical results of sensation.

Winter Term. Prerequisite—210 weeks of college work.

L. E. ROBINSON, Professor.

DEPARTMENT OF GREEK.

T. BEVERIDGE GLASS, PROFESSOR.

Ability to read Greek with accuracy and ease and intelligent enjoyment of the masterpieces of Greek literature are the aims of the work in this department. For a time, therefore, all effort of the student is directed to acquiring a practical knowledge of Greek vocabulary and idiom.

White's First Greek Book and the *Anabasis* are studied for one year in the Preparatory Department, and this work is offered as an elective to all College students.

The following courses are offered:

- I. **Xenophon, *Anabasis*.**—Study of Syntax, and special drill in the acquisition of a vocabulary. Fall Term.

Prerequisite—One year of Greek.

- II. **Lysias, *Selected Orations*.**—Studies in Greek history based on the text, review of the Attic inflections. Winter Term.

Prerequisite—Course I.

- III. **Xenophon, *Memorabilia*.**—An introduction to Greek Philosophy. Spring Term.

Prerequisites—Courses I. and II.

- IV. **Plato, *Apology, Crito and Phaedo*.**—The moral and religious conceptions of Socrates and Plato. Fall Term.

Prerequisites—Courses I., II. and III.

- V. **Homer, *Odyssey*.**—Rapid reading of selected books. Winter Term.

Prerequisites—Courses I.-III.

- VI. **Homer, *Iliad*.**—Rapid reading of selected books. Spring Term.

Prerequisites—Courses I.-IV.

- VIII. **Euripides, *Medea*, Sophocles, *Antigone*.**—Introduction to Greek Tragedy. Spring Term.

Prerequisites—Courses I.-IV. and V. or VI.

- IX. **Plato, *Charmides, Laches and Lysis*.**—The beginning of Logic. Winter Term.

Prerequisites—Courses I.-IV. and V.

The New Testament in Greek. Through the year, Sabbath morning at 9:30.

Prerequisite—One year of Greek.

DEPARTMENT OF LATIN.

JOHN H. M'MILLAN, PROFESSOR.

THOMAS C. McCracken, ASSISTANT.

For the preparatory work necessary to secure college standing in Latin, see the outline given under the topical statement of work in the Preparatory Department.

In the College Latin Course, training in syntax is not neglected, but it gives place largely to the literary part of the work which from

this point grows in prominence. Sight reading and translating at hearing take an increasingly prominent place. The aim will be to read as much Latin as possible. A thorough preparatory training is essential.

The following courses are offered:

I. **Cicero, De Oratore**—Fall Term.

Prerequisite—Preparatory course in Latin.

II. **Cicero, De Senectute, De Amicitia**—Sight reading; Preparation of papers based on assigned reading. Winter Term.

Prerequisite—Course I.

III. **Livy**—Topical review of Roman History; Collateral reading; Papers based on special reading. Spring Term.

Prerequisite—Course II.

IV. **Horace**—Odes and Epodes. Comparative study, Prosody, Mythology, Roman Literature. Particular attention is given to the literary and rhetorical features of the portions read. Fall Term.

V. **Horace**—Satires and Epistles (including *Ars Poeticae*). Roman habits, government, private life, etc., are studied. Winter Term.

Prerequisite—Course III.

VI. **Tacitus**—*Agricola*, *Germania*, and selections from *De Oratore*. History under the Emperors. A comparison of accounts of the Britains and Germans given by other authors with that given by Tacitus is made. Also a comparative study of Cicero's *De Oratore* and that of Tacitus is made. Spring Term.

Prerequisite—Course II.

VII. **Roman Comedy**—Plays from Plautus and Terence. Topical work on the social conditions illustrated and the amusements of the time. Fall Term.

Prerequisites—Courses I.-III.

VIII. **Roman Life**—In addition to reading in this course Latin of various periods, instruction will be given if desired which will be helpful to those desiring to teach Latin. Special work will be assigned for investigation on which reports will be made. Winter Term.

Prerequisites—Courses I.-V.

DEPARTMENT OF MATHEMATICS.

ALICE WINBIGLER, PROFESSOR.

CLYDE K. WARNE, ASSISTANT.

Instruction in this department aims at stimulating the faculties of originality and individual thought. An effort is made to train the student to discern quickly, to reason logically and to form the habit of accurate expression.

The following courses are offered:

- I. **Solid Geometry**—Demonstration of theorems, exercises in geometrical invention, practical application. Fall Term.

Prerequisite—Preparatory Mathematics.

- II. **Plane Trigonometry**—Theory of the trigonometric ratios, trigonometric identities and equations, solution of plane triangles. Winter Term.

Prerequisite—Course I.

- III. **Analytic and Spherical Trigonometry**—Transformations and developments, solution of spherical triangles. Spring Term.

Prerequisite—Course II.

- IV. **College Algebra**—Binomial Theorem, development and theory of functions, series, imaginaries, theory of equations. Fall Term.

Prerequisites—Courses I., II.

- V. **Analytic Geometry**—Application of rectilinear and polar co-ordinates to the point, the line and the conic sections, general equation of second degree, higher plane curves. Winter Term.

Prerequisites—Courses I., II., IV.

- VI. **Analytic Geometry**—Continuation of Course V. Spring Term.

- VII. **Differential Calculus**—Differentiation, evaluation of indeterminate forms, maxima and minima, plane curves. Fall Term.

Prerequisite—Course VI.

- VIII. **Integral Calculus**—Elementary forms of integration, successive integration, lengths of curves, areas, volumes. Winter Term.

Prerequisite—Course VII.

- IX. **Astronomy**—Study of fundamental facts and principles, location and study of constellations. Spring Term.

Prerequisites—Courses I. and II.

MONMOUTH COLLEGE.

DEPARTMENT OF PHYSICAL SCIENCE.

J. N. SWAN, PROFESSOR.

JOHN PARSHALL, ASSISTANT IN LABORATORY.

The Department of Physical Science includes the subjects of Chemistry and Physics.

The following courses are offered:

- I. **Non-Metallic Chemistry**—General Chemistry, fundamental ideas and laws. Fall Term.

Prerequisite—Preparatory courses completed.

- II. **Metallic Chemistry**—Study of the metals, qualitative analysis begun in laboratory. Winter Term.

Prerequisite—Course I.

- III. **Qualitative Analysis**—Identification and separation of common elements and acids in unknown solutions. Spring Term.

Prerequisite—Course II.

- IV. **Quantitative Analysis**—Gravimetric and volumetric determinations, special examples, as analysis of gas, water, alloys, minerals, etc. Fall Term.

Prerequisite—Course III.

- V. **Organic Chemistry**—Remsen's Organic Chemistry, lectures on industrial applications of organic chemistry. Fall Term.

Prerequisite—Course III.

Courses IV. and V. are offered in alternate years, IV. being offered in 1905.

- VI. **Physics**—Mechanics, Sound, Heat. Winter Term.

Prerequisite—Trigonometry.

- VII. **Physics**—Light, Electricity. Spring Term.

Prerequisite—Course VI.

DEPARTMENT OF ENGLISH.

L. E. ROBINSON, PROFESSOR.

BLANCH MORROW, ASSISTANT.

R. M. KERR, INSTRUCTOR.

- I. **English Composition**—The study of literary technique. Constructive work in the art of Description, Narration, Exposition, and Argument. Weekly themes. Fall Term.

Prerequisite—The Preparatory English.

- II. **The Short-Story**—Practice work. Winter Term.
- III. **The English Essay** as a literary form. Practice work. Spring Term. Courses I.-III. must be taken consecutively.
- IV. **The Literature of the Seventeenth Century**—Milton. The English Augustan Poets. Fall Term.

Prerequisite—Courses I.-III.

- V. **Poets of the Eighteenth Century**—The beginning and progress of the Romantic Movement. Winter Term.

Prerequisite—Courses I.-III.

- VI. **The Nineteenth Century Poets**—A study especially of Browning, Tennyson, and Matthew Arnold. Spring Term.

;

Prerequisite—Courses I.-III.

- VII. **Argumentation**—The principles of Logic. Analysis of Arguments. Writing of briefs and forensics. Winter Term.

Prerequisite—Courses I.-IV.

- VIII. **The English Drama**—Critical study and analysis of select Shakespearian plays. Spring Term.

Prerequisite—Courses I.-V.

DEPARTMENT OF SOCIOLOGY.

RUSSELL GRAHAM, PROFESSOR.

- I. **Constitutional Law**—Origin and Nature of Government. Nature and Development of Law. A comparative study of the more striking features of the Constitutions and governments of Greece, Rome, France, Germany, Switzerland, and England. Text-book. Woodrow Wilson's *The State*. Fall Term.

Prerequisite—Course I., Group VIII.

- II. **Constitutional Law**—A close study of the Constitution of the United States, together with its growth and development by Legislation to the present time. Winter Term.

Prerequisite—100 weeks of College work.

- III. **International Law**—The nature, sources, sanctions and growth of International Law. Spring Term.

Prerequisites—Courses I.-II.

- IV. **Elements of Political Economy**—The aim in this course is to make the student familiar with the leading facts and principles of economics. Text-book, Francis Walker's *Political Econ-*

MONMOUTH COLLEGE.

omy, Advanced Course. Fall Term.

Prerequisite—150 weeks of College work.

- V. **Sociology**—In this course the attempt is made to prepare the student for reading intelligently Sociological literature, and lay the foundation for more advanced work. Winter Term.

Prerequisite—150 weeks of College work.

- VI. **Socialism**—A practical application of Economics and Sociological principles to present problems and conditions. Spring Term.

Prerequisite—Course IV.

- VII. **American Politics**—A study of the Political parties of the United States; their principles, platforms and policies. Spring Term.

Prerequisite—105 weeks of College work.

- VIII. **Evidences of Christianity**—McIlvaine's Evidences as a basis. Classroom discussion, presentation of special topics by students and lectures by professor. Winter Term.

Prerequisite—100 weeks of College work.

DEPARTMENT OF HISTORY.

FLORABEL PATTERSON, PROFESSOR.

The courses offered by this Department have been so arranged as to meet the needs not only of advanced work in history, but also of such other lines of study as may require some preliminary training in history.

The following courses are offered:

- I. **Mediaeval History**—This course is an introductory one. It includes a brief review of Graeco-Roman civilization during the period of its decadence, of Christianity as an historic factor, and of the Teutonic peoples; a survey of the folk migrations; a study of the organization of society on the basis of Feudalism, the theocratic organization of society on the basis of Papacy: the conflict of the two, and the beginnings of National organization. Fall Term.

Prerequisite—Preparatory work in history.

- II. **The Reformations and the Wars of Religion.** From Luther to the Peace of Westphalia. Winter Term.

Prerequisite—Course I.

- III. **Era of Absolutism and the Dynastic Wars.** From the Peace of

Westphalia to the French Revolution. Spring Term.

Prerequisites—Courses I. and II.

Prerequisite—Course III.

IV. **Era of Political Revolutions** and Reconstruction of European States. From 1789 to the Congress of Berlin. Fall Term.

Prerequisites—I.-III.

V. **Colonial Period** of United States History. From the colonization of Virginia and Massachusetts to the adoption of the Federal Constitution. Winter Term.

Prerequisites—I.-III.

VI. **Constitutional Period** of United States History. From 1789 through the Period of Reconstruction. Spring Term.

Prerequisites—Courses I.-III. and V.

DEPARTMENT OF EXPRESSION.

GERTRUDE HENDERSON, INSTRUCTOR.

The aim of this department is to develop readers and speakers whose style shall be simple and natural, and when occasion requires, powerful; to teach the power of self-control; to bring out latent talent and strength in each student; to enable him to think and feel while on his feet before an audience, and to express these thoughts and emotions through his own individuality.

COURSE I. ELOCUTION.

Phrasing; the underlying principles of grouping and perspective.

Character Study; cultivation of the perceptive faculties; breaking up of mannerisms; development of individuality of student; Character studies from Dickens.

Bodily Expression; this method of gesture results in work spontaneous and subtle; suppresses superfluous gesture and produces close adjustment of form to content.

Voice. Shakesperean method of breathing; visible speech.

COURSE II. ELOCUTION.

Drama; dramatic interpretation.

Bible; rendition.

Oratory; study and delivery of standard orations.

Extemporaneous Speaking; power with an audience; arrangement of subject matter; use of illustration and effective climaxes.

DEPARTMENT OF MODERN LANGUAGES.

FRED COLE HICKS, INSTRUCTOR.

GERMAN.

The instruction in German is based upon a thorough study of the grammar and syntax of the language. During the first year a large amount of easy German is read and careful attention given to pronunciation. The regular oral exercises, consisting of paraphrases of the matter read and free productions of German stories and legends, enable the student to hear the language while he is studying it and give him some feeling for the German sentence as the unit of thought.

The advanced courses begin with the reading of modern texts, after which the study of some of more important phases of German literature is undertaken. The aim is to bring the student into direct acquaintance with the literature through the medium of the foreign language, and to enable him to appreciate it from the standpoint of the Germans themselves. This advanced work is carried on as far as possible in German, and the student has opportunity to become well acquainted with the spoken language.

The following courses are offered:

- I. Bierwirth's Beginning German; Carruth's German Reader. Fall Term.

Prerequisite—Preparatory work completed.

- II. Grammar and reading continued, Wesselhoeft's German Exercises. Winter Term.

- III. Gerstaecker's Germelshausen, Frommel's Eingeschneit, Wesselhoeft's German Exercises. Spring Term.

Prerequisites—Courses I. and II.

- IV. Freytag's Journalisten; Lessing's Minna von Barnhelm. Composition. Fall Term.

Prerequisites—Courses I. and II.

- V. Historical prose and the novel; Freytag, Biedermann, von Sybel, von Wildenburch. Composition. Winter Term.

Prerequisite—One year of German.

- VI. Schiller's Tell; Goethe's Hermann und Dorothea. Composition.
Spring Term.

Prerequisite—45 weeks of German.

- VII. The classical drama; Lessing's Emilia Galotti, Schiller's Wallenstein, Grillparzer's Ahnfrau. Fall Term.

Prerequisite—Two years of German.

- VIII. Storm and Stress; Goethe's Goetz von Berlichingen and Egmont; Schiller's Kabale und Liebe. Winter Term.

Prerequisite—Two years of German.

- IX. German Lyrics and Ballads, or Goethe's Faust. Spring Term.

Prerequisite—Two years of German.

FRENCH.

The aim of the instruction in French is to secure a correct pronunciation, not only of individual words but of the sentence, the ability to read the language with ease and to write connected paragraphs based upon the texts read, and some appreciation of the literature.

The first year's work is designed to enable the student to become familiar with the new medium. Easy modern French authors are selected for reading and the work is supplemented by regular conversational and written exercises. In the advance courses some of the more important phases of French literature are taken up for study.

The following courses are offered:

- I. Grammar and exercises; easy French stories. Fall term.

Prerequisite—Preparatory course completed.

- II. Course I. continued; Merimee's Colomba. Winter Term.

Prerequisite—Course I.

- III. Dumas, La Tulipe Noire, Augier and Sandeau, Le Gendre de M. Poirier, with exercises. Spring Term.

Prerequisite—Course II.

- *IV. Nineteenth century prose; George Sand, DeVigny, etc. Composition. Fall Term.

Prerequisite—Course III.

- *V. The classical drama; Moliere, Corneille. Composition. Winter Term.

Prerequisite—Course III.

- *VI. The romantic movement in France. Victor Hugo. Composition. Spring Term.

Prerequisite—Course III.

*Courses IV., V., VI. will be given in alternate years with I., II., III. They will be omitted in 1905-06. Courses I., II., III. will be given on condition the enrollment is large enough to justify it.

DEPARTMENT OF BIOLOGY.

GEORGE HERBERT BRETNALL, INSTRUCTOR.

LAWRENCE BAKER, ASSISTANT IN LABORATORY.

The work in the Biological Department is intended to contribute to the general culture and scientific training of the student. For those expecting to enter the medical profession such training is looked upon as indispensable, while students of Sociology and kindred subjects find similar work in Biology an important prerequisite. Those expecting to enter public school work will find the requirements in Biology satisfied in the courses offered.

The Laboratory is supplied with compound microscopes, dissecting microscopes, microtomes, water baths, and other appliances for the study of animal and vegetable tissues. Forty microscopes of convenient laboratory form, one large and very complete Leitz' and one Zeiss' Paul Mayer dissecting microscope and a horizontal microscope form part of the outfit.

Akymograph, myograph, clinostat, centrifuges and other apparatus for animal and plant physiology, with a set of mounted skeletons, a collection of brain preparations, a manikin, and a series of embryological models are a part of the Laboratory equipment.

The following courses are offered:

- I. **Invertebrate Zoology**—An introduction to the study of Zoology, its general principles and problems, with a study of invertebrate types. Hertwig's Manual is used as a text supplemented by lectures and library work. Fall Term.
- II. **Vertebrate Zoology**—A comparative study of the chordate types. Text—Hertwig's Manual supplemented by lectures on selected topics. Winter Term.
- III. **Mammalian Anatomy**—Gross and microscopic anatomy. A study is made of some mammalian form as the cat. This is supplemented by a study of the tissues. Some attention is given to the preparation of material for the microscope. Spring Term.
- IV. **Human Physiology**—A study of the functions of the organs of the human body. The work is supplemented by laboratory experiments illustrating the functions of the organs. Kirk's Handbook issued as a text and manual. Fall Term.

Prerequisite—Course III.

Courses I.-IV. should be taken consecutively as they represent continuous work.

V. **Plant Morphology**—A rapid survey of the plant groups is taken, illustrating each by selected types, with a special study of the structures of the spermatophytes. Winter Term.

VI. **Plant Physiology**—Plant functions, growth and movement. Illustrated by laboratory experiments showing problems and functions. Text—Pierce's Plant Physiology.

Prerequisite—Course V.

VII. **Histology**—Historical technique and a special study of the structures of the organs of the human body. Text—Stohr's Histology.

Prerequisite—II. and III. and 210 hours of College work.

X. **Embryology**—A study of the main facts of embryology with special reference to the human organism, illustrated by certain stages in the development of the chick and pig.

Prerequisite—II. and III. and 210 hours of College work.

Courses VII. and X. are offered in different years and by special arrangement.

DEPARTMENT OF GENERAL ENGINEERING DRAWING.

JOHN S. BATES, INSTRUCTOR.

I. **Elements of Drafting**—Geometrical constructions; orthographic, isometric, and cabinet projections. Lectures on drafting instruments, materials, and office methods. "Tracy's Mechanical Drawing." Fall Term.

II. **Descriptive Geometry**—Problems relating to the point, line, and plane. The generation and classification of lines and surfaces; revolutions developments and intersections; planes tangent to surfaces of single and double curvature; warped surfaces. "Church's Descriptive Geometry." Winter Term.

III. **Lettering and Sketching**—Alphabets; free hand and mechanical lettering, titles, sketches of machines and machine parts; working drawings, coloring; right line shading. Spring Term.

Preparatory Department.

Careful preparation, under competent instructors, is necessary for the work in higher classes. To furnish this in the best manner, Monmouth College maintains a well-equipped Preparatory Department.

The special object of this department is to prepare students thoroughly for entering the College. The courses are arranged with reference to the various departments in the College courses and the studies pursued have direct bearing upon the work which follows. Thus time is economized and the preparation unified.

Parents can send their sons and daughters here with the perfect assurance that they will be cared for and trained in the essential branches which will prepare them for college work.

CONTROL.

The department is under the general superintendence of the President and Faculty. The instruction is in charge of the professors at the head of the various departments in the College. The instructors in the Preparatory Department are all teachers of experience.

ADVANTAGES.

All the advantages in the way of Libraries, Literary Societies, Laboratories, Lectures, Christian Work and other features of the College are open to the pupils of this department.

COURSES OF STUDY.

The Preparatory Courses represent 350 weeks of work as outlined in the sections following, and are required of all as a prerequisite to full College standing. A choice may be made between Elementary Greek and Physical Geography, Botany and English History.

OUTLINE OF THE WORK.

GREEK.

One year of Greek is offered in the Preparatory Department. White's First Greek Book and the Anabasis are used, special attention being given to forms, grammatical structure, and the acquirement of a vocabulary.

The courses offered are:

1. First Greek Book. Fall Term.

Prerequisite—One year of Latin.

2. Continuation of Course 1. Winter Term.
3. Anabasis. Spring Term.

Prerequisite—Course 2.

LATIN.

General statement—The Roman pronunciation is used throughout the course. Five recitations per week are required. Applicants for advanced standing in the Latin Department will be tested to determine their knowledge of the language. Ability to use, and not quantity alone, will fix the standing given the pupil. Quality of the work done and quantity of Latin read will be carefully inquired from each applicant, with the object in view that we may know how much he knows, and what he can do with his knowledge.

The following courses are offered:

1. Elementary Latin.—Pronunciation, inflection, vocabulary, Latin order, expressing Latin in good English and English in good Latin, syntax. Fall Term.
2. Course 1 continued. Winter Term.
3. Latin Reader—Inflection, Latin prose, sight reading, translation at hearing. Spring Term.

Prerequisite—Course 2.

4. Caesar, Composition, syntax, pronunciation, reading text, special topic study.

Prerequisite—Course 3.

5. Course 4 continued. Winter Term.
6. Sallust's Catiline—Sight reading, critical study, translation at hearing. Spring Term.

Prerequisites—Course 5 and Roman History.

7. Cicero—Oration against Catiline. Course in Latin prose based on text. Review of inflections and Syntax. Fall Term.

Prerequisite—Course 6.

8. Vergil—Quantity, Dactylic Verse, Scansion, Figures of speech, Mythology references. Rapid reading. Winter Term.

Prerequisite—Course 7.

9. Course 8 continued. Spring Term.

MATHEMATICS.

Two years' work is offered in preparation for the required courses in Collegiate Mathematics. Familiarity with the processes of arithmetic is presupposed.

The following courses are offered:

1. Algebra—Fundamental operations, factoring, fractions, simple and quadratic equations of one or more unknown quantities, radical, fractional and negative exponents, solution of problems and proofs accompanying the entire study. Fall Term
2. Algebra—Continuation of Course 1. Winter Term.
3. Algebra—Continuation of Course 2. Spring Term.
4. Advanced Algebra—Special work with the quadratic equation, Development of Logarithms. Fall Term.

Prerequisite—Course 3.

5. Plane Geometry—Fundamental definitions and axioms, propositions relating to lines, polygons, circles, etc. Solution of original exercises. Winter Term.

Prerequisite—Course 4.

6. Plane Geometry—Continuation of Course 5. Spring Term.

PHYSICAL SCIENCE.

A course of one year is given in Physical Geography and Elementary Physics as an introduction to the study of the Physical Sciences.

Three hours of recitation and four hours of laboratory work per week are required.

The student has the advantage of the same laboratory apparatus as in the College Department.

The following courses are offered:

1. Physical Geography. Fall Term.

Prerequisite—Elementary Algebra.

2. Elementary Physics—Mechanics, Heat. Winter Term.

Prerequisite—Elementary Algebra.

3. Elementary Physics—Electricity, Sound, Light. Spring Term.

Prerequisite—Course 2.

ENGLISH.

Two years' work in English is given in the Preparatory Department. Courses 1, 2, and 3 are given to the study of Elementary Rhetoric and Composition. Punctuation, capitalization, diction, sentence and paragraph structure, the elementary properties of style and figure of speech, are studied. Composition work is emphasized throughout the year. Select English and American prose and poetry will be read and analyzed in point of style and structure.

Courses 4, 5, and 6 will be devoted to the study of the English Classics and theme writing. The two lists of books for 1905-1906 are as follows:

For Critical Study—Burke's Speech on Conciliation; Macauley's Essay on Addison and Life of Johnson; Milton's Minor Poems; Shakespeare's Julius Caesar and Macbeth.

For General Study—Sir Roger de Coverley Papers; Coleridge's Ancient Mariner; George Elliot's Silas Marner; Irving's Life of Goldsmith; Lowell's Vision of Sir Launfal; Scott's Ivanhoe and Lady of the Lake; Tennyson's Idylls of the King; Shakespeare's Merchant of Venice.

The elementary history of English literature will also form a part of the second year's work.

CIVICS.

The following course is offered.

1. Civil Government—Fiske's Text-book. Attention given to origin and growth to township, city, state, and federal governments. Foundation is laid for more advanced work. Fall Term.

Prerequisite—United States History.

HISTORY.

1. Ancient, Oriental and Grecian History. Fall Term.

Prerequisite—United States History.

2. Roman History. Winter Term.
3. English History. Spring Term.

Prerequisites—United States, Grecian and Roman History.

BIOLOGICAL SCIENCE.

The following courses are offered:

1. Physiology—The instruction in this subject is arranged to give training and mental discipline, as well as useful information. The work is made thoroughly practical. The human skeleton is studied in the laboratory. Other laboratory work is given. The student learns to see with his own eyes to gain some knowledge that is not second-hand. Hygiene is viewed not as a mass of rules, but as a logical deduction from natural laws. Winter Term.
2. Elementary Botany—This is intended as an introduction to the scientific study of plant life. Emphasis is laid upon the elementary facts of structure and life, but some attention is given to the principles of classification, and the identification of plants by means of a manual. Spring Term.

*Monmouth College Conservatory
of Music.*

T. MERRILL AUSTIN, DIRECTOR,
TEACHER OF VOICE, ORGAN AND HARMONY.

CHARLES S. WENGERD,
TEACHER OF ADVANCED PIANO, HARMONY AND COUNTERPOINT.

MRS. ALICE B. HOBART,
TEACHER OF VIOLIN AND PIANO.

KATHERINE HANNA,
TEACHER OF PIANO.

WYLIE STEWART,
TEACHER OF VOICE.

Our Conservatory of Music is now established on a solid basis. Its growth has been rapid but permanent, each year's development showing a marked improvement both in attendance and artistic spirit.

Its aim is to give each student a deep and thorough knowledge of music such as any student connected with a school for liberal learning should have. The management realize that only by such means can a truly intelligent and artistic player or singer, as well as a competent teacher, be formed. In order to accomplish this only teachers of high rank of musicianship will be employed.

The Director brings to his work a thorough and complete education, extensive and successful experience, and enthusiasm that begets like enthusiastic work from his fellow teachers and the student body.

The work of the Conservatory is divided into departments, graduation from any one of which requires in addition to its own completion certain specified work in Harmony, Counterpoint, Theory and History.

PIANO.

This course is laid out on broad lines, consisting of a short preparatory and a comprehensive collegiate course, the latter requiring four years for an average student to complete.

Appended is a specimen course formed on the study, or etude system, along with which will be taught salon pieces and as many works of the masters as can be thoroughly learned.

Modern teaching has shown that individuality must be cultivated. This desired end may be best attained, with students who do not accomplish rapid results, with a course of technique and pieces carefully selected to accomplish the principles involved in the studies.

The completion of Emery's Harmony, Ayer's Counterpoint, Filmore's or Mathews' History of Music, attendance upon the Theory lectures, and the giving of a public recital are required for graduation in this course.

PREPARATORY.

Table and piano work for finger and wrist development, with special attention to the development of the finger legato touch, major scales, chords and arpeggios. Studies by Kohler, Duvernoy, and Loeschorn.

COLLEGIATE.

Major and minor scales, common chords, dominant and diminished seventh chords, in all forms and tempos, movements embodying all kinds of touches. Technical work by

Wolf, Pischna, Joseffy and Tausig.

Studies and etudes selected from Loeschorn, Bertini, Heller (Phrasing), Krause (Trill), Berens (Velocity), Bach (Little Preludes and two part inventions), Cramer, Clementi (Gradus ad Parnassum), Bach (Well tempered clavicord), Chopin (Etudes).

Salon pieces, selections from the best modern writers and the classics throughout the entire course.

Pupils must have thoroughly studied and be able to render in a creditable manner the following compositions before entering the graduating year: One Mozart Sonata, three Beethoven Sonatas, the following list by Chopin, two Mazuorkas, two Waltzes, one Nocturne, one Polonaise, one Etude, two compositions by Schubert, two by Schumann.

VOICE CULTURE.

In this department advantages are offered which will lead to the highest attainment in this line of art.

VOICE PLACING.

Especial attention is given to the proper placing of the voice. This is considered of the utmost importance, as a neglect of it almost invariably results in permanent injury to the voice and often to the health.

To accomplish this the pupil is instructed in a proper control of the breath, a perfect union of the registers, a free and easy emission of the tone, and a knowledge of the different timbres of the voice.

By these means the voice is produced with equal beauty and brilliancy throughout the entire compass.

This course will be upon the same lines as the piano course, preparatory and collegiate, taking approximately the same length of time.

The definite length of this course must be largely determined by the readiness of the individual voice to respond to training.

The completion of Emery's Harmony, Fillmore's or Mathew's History of Music, attendance upon the Theory lectures, and the giving of a public recital are required for graduation.

PREPARATORY.

A thorough knowledge of the principles of breathing and breath control with exercises in breathing and tone placing. Exercises in agility and relaxation of muscles (pure tone cannot be produced with rigid muscles). Ferd. Sieber's 8 measure studies. Simple songs, carefully selected to assist the pupil in conquering his difficulties, will be used.

COLLEGIATE.

Exercises in agility, uniting of the tones, the swell meza voce, embellishments, trill, etc., covering all forms of scales and chords, both major and minor. Selections from Sieber and Concone. The use of the series, "Masterpieces of Vocalization," which is a graded series of Vocal studies selected from the celebrated works of all the great masters of singing.

Throughout the entire course a careful selection of songs from the best American, English, German, French and Italian writers will be used, also arias from the operas and standard oratorios. While songs in the foreign tongue will be taught in the vernacular the greatest pains will be taken to give the pupil a clear and intelligible enunciation of the English language, and the advice will be to sing in our native tongue whenever practicable. A rich and full repertoire of songs and arias will be required before graduation.

It is advised that Voice pupils study German and French. It is expected that all vocal graduates take at least three years of piano.

PIPE ORGAN.

Our new Memorial Organ, the gift of Misses Delia and Nellie Davidson in memory of their mother, has placed us in a position to offer advantages in the line of organ study that few schools even in the largest art centers can surpass. The mechanical part of the organ is as complete as are the very largest organs, giving pupils unsurpassed experience in registration. The tone is beautiful and refined, the action leaves nothing to be desired.

In order to enter upon the study of the organ it will be necessary to have completed the preparatory and the first year of the collegiate course in piano, and it is advised to keep up the study of the piano along with the organ study through the first two years' work.

The course will be three years in length. The completion of Emery's Harmony, Ayers' Counterpoint, Fillmore's or Mathew's History of Music, attendance upon the Theory lectures and the chorus class for one year in order to understand the managing of voices, and the giving of a public recital is required for graduation.

ORGAN COURSE.

Pedal Technique, Horner, Studies from Thayer, Schneider, Buck and Rink, embodying the principles of Pedal obligato playing, manual work and registration.

Playing of Psalm tunes and Anthems, selections from the best writers for this instrument, including the English and French Schools. Sonatas by Mendelssohn, Merkel,

Rheinberger, and the works of Bach. Special care taken in forming competent church organists.

VIOLIN.

PREPARATORY.

The correct method of holding the violin and bow. The Joachim system of bowing is used, which requires flexibility of the wrist and a free use of the forearm.

Selected studies from Dancla, Hofmann, Kayser, and Metzger are used, also Schradieck scales and book of technique.

COLLEGIATE.

David Violin School, Sevcik, Kreutzer, Rode, Rovelli, Fiorillo. Sonatas by Le Clair, Tartini and Haendel; concertos by Acolay, Viotti, De Beriot, Bach, Goddard, Mendelssohn.

Selections from the best composers are used throughout the course, with a view to applying the principles of bowing, tone production and expression.

Practice in ensemble work is also offered the pupil.

STRINGED INSTRUMENTS.

Our hope for a college orchestra has been realized by an organization of twelve pieces.

NOTATION CLASS.

There will be a class once a week at which the fundamental principles of music will be thoroughly explained. Training given in intervals, time, keys, scales, etc. The aim will be to sing a Psalm tune correctly at sight in the year's work.

All music students will be admitted free to this class,

and all preparatory and the first and second year collegiate students in music are expected to attend unless excused after examination.

THEORY.

HARMONY.

A thorough knowledge of keys, scales, signatures, intervals, triads, chord connection, chords of all kinds including altered and augmented, suspensions, passing, chords, melodic changes, and organ point will be required. The harmonizing of melodies and chorals. The playing of modulations of many kinds through all keys.

Text, Emery's.

COUNTERPOINT.

Two part, three part and four part counterpoint, imitation.

Text, Ayer's.

HISTORY AND ANALYSIS.

The general history of music showing its growth and development.

Early Christian Music, Polyphonic Music, Monohonic Music, the rise of Instrumental Music in the classic form, the Opera, the Oratorio, Romantic Music.

The various forms of music will be analyzed and explained as they appear in their development.

History and analysis will be taught in the form of lectures, which will be free to all students. The pupil will be required to study the text-book and pass an examination for graduation.

POST GRADUATE COURSE.

One year of work will be offered in all departments to graduates or advanced students which will be devoted chiefly to repertoire.

MONMOUTH COLLEGE CHORAL SOCIETY.

This society while having its own officers and conducting its own affairs is affiliated with the College, and offers students, at a merely nominal fee, the advantages of first-class chorus drill. Concerts of the highest grade are given each year by the society.

Membership in this society is gained by passing an examination.

The society is this year conducting a Grand May Festival of Music consisting of two evening performances and a matinee. An orchestra of fifty pieces, eleven artists of wide reputation and a large chorus all have parts in this festival which is the great musical event of the year in this part of the country.

RECITALS, LECTURES, ETC.

At frequent intervals recitals are given by the members of the Faculty at which there is an explanation of the music performed, thus giving the student an opportunity to hear good music performed in an artistic manner.

Each alternate week a pupil's recital is given at which students of all grades who have pieces thoroughly learned are given the opportunity of presenting them in public. At each of these recitals there is given a short talk on analysis, theory, history, etc.

At the close of each term is given what is known as "The Term Recital," at which the advanced pupils of the

Conservatory present a program to the general public. In addition to the choral concerts, Faculty and pupil recitals, there are many concerts of a high order given during the year, which the students can attend.

Each student is urged to hear all the good music possible in order that his musical taste may be cultivated.

MUSIC ELECTIVES.

One year's study of music, two lessons each week, will be received as a credit of 35 weeks, to be applied on the electives of any group of college studies.

The following courses are open for this purpose.:

I. Harmony and Counterpoint.

II. Piano—Second, Third and Fourth Years Collegiate.

Prerequisites—Preparatory grade and first year collegiate.

III. Voice. Any collegiate year.

Prerequisite—Preparatory.

Credits on electives will not be given for music taken elsewhere. In order to obtain credit on music as an elective, the student must have passing records entered on the books, not only of the work on which credits are desired, but also of the work prerequisite to this.

GENERAL INFORMATION.

Students may enter at any time, but are not enrolled for less than one term.

In order to secure a diploma the student must have finished the prescribed work, and must have spent at least one year in this institution.

The privileges of the Musical Department are not ex-

tended on the same grounds to holders of scholarships as are the privileges of the other departments of the College.

Students attending College and desiring to take musical instruction are expected to take lessons in this department. No credits will be given for lessons taken elsewhere.

Pupils should report to the President of the College, with whom they will make all their arrangements for entrance.

About one hundred volumes of the best musical literature, including histories, biographies, etc., are in the Warren County Library. The reading room is free to all students.

Forms of Bequests.

I give and devise to the Trustees of the Monmouth College, Monmouth, Illinois, the sum of \$. or the following property, viz: (specify the same) for the use and purposes for which said trustees are authorized by law to take and hold property; and I authorize my executor to pay the same to the order in writing of the said Trustees.

I give, devise and bequeath to the Trustees of the Monmouth College, Monmouth, Illinois, the sum of \$. to be devoted by them to (here specify purpose) and do authorize my executor to pay the same to them, or their authorized agent, upon demand.

Special care should be taken that bequests be made according to the laws of the state governing them.

ANNUITIES.

Some prefer to deed their property to the college and receive an annuity from the college during the remainder of their lives. This relieves them from the care of the property, insures them an income as long as they live, and assures them that their money will be a blessing after they are gone.
